

ENVIRONMENTAL POLICY

Our company's policy is to fully comply with all the legal requirements and to conform to the goals set and objectives, in a continuous improvement program.

Our policy is such, so that the operation of our company corresponds to the level of quality, environmental protection, hygiene and safety, that are expected by a company which fulfills the legal requirements.

We intend to publicized the Policy for the protection of the environment, to whom it may concern (Authorities, Clients, Suppliers, Subcontractors, the Media etc.).

The company has as basic priorities the adoption of environmentally friendly production procedures, products or/and services provided as well as the continuous effort for minimizing or/and preventing adverse environmental impact during its operation.

We will insure that proper management techniques are put into practice and they are documented in order to maintain our policy at all levels. Moreover, the management team will ensure that our clients, employees and other interested parties are highly satisfied.

It is the policy of the company to make sure that the whole staff of the company has the proper education in order for each individual to comprehend the environmental standpoints of his/her work and have control of his/her responsibilities.

The Objective and Commitment of our company consist of:

- continuous effort for the prevention of Pollution that might derive from or/and caused by the operation of the company,
- continuous improvement of the current Environmental Management System,
- continuous record keeping and evaluation of environmental impact (direct or indirect) caused by the operation of the company, so that the compliance with National or European Law to be ensured,
- continuous monitoring and recording data about:
 - ✓ Energy consumption
 - ✓ Solid waste
 - ✓ Liquid waste
 - ✓ Water consumption
 - ✓ Chemical substances consumption

The Management invites the whole staff to take part in the effort for continuous improvement of the Environmental Performance of our company, attempt to comprehend, implement and maintain this policy at all levels.
